“ Editor's Note

The Industrial Skills Framework (IndSF) Unit is working hard to ensure that new IndSF documents are published each year. This is done to ensure that we can achieve our ultimate goal of producing at least one IndSF for each industry in Malaysia as a reference point for workforce upskilling and reskilling.

Aside from that, the team is in the process of updating all published IndSF documents to ensure that the content is current and relevant to the industry. To that end, we have held a number of engagement sessions with subject matter experts to gather feedback from the industry.

We are pleased to share our November activities for IndSF development and enhancement in this newsletter. Sit back, relax and enjoy the read.

”

Development of IndSF 2022

FOOD & BEVERAGE MANUFACTURING

Our team has collaborated with Ayamas Sdn Bhd and FMM Malaysian Food Manufacturing Group (FMM MAFMAG) to produce the IndSF Food & Beverage - Manufacturing document.

Our collaborators play a pivotal role in suggesting the focus area that the document will centre on, as well as suggesting Subject Matter Experts (SMEs) to aid in the process of producing this document.

There is a total of 21 jobs, 122 technical skills and 122 soft skills identified. Our SMEs also highlighted 51 certification programmes that individuals from this industry can learn more from in order to upskill themselves.

TEXTILE MANUFACTURING

ENDORSEMENT SESSION WITH MTMA & MKMA

A total of 60 occupations, 127 technical skills and 79 soft skills have been identified. Our SMEs also identified 460 certification programmes that individuals in this field can use to improve their skills.

Development of IndSF 2022

AGRICULTURE - OIL PALM PLANTATION

IndSF Agriculture - Oil Plantation comprises five focus groups, namely Nursery, Replanting, Upkeep and Field Maintenance, Harvesting and Drone Technology.

On the 16th of November, our secretariat met up with the collaborators via Microsoft Teams to endorse this document.

A total of 53 occupations, 101 technical skills and 86 soft skills have been recognised. Our SMEs have also identified 166 certification programmes that individuals in this field might use to improve their skills.

ENDORSEMENT SESSION WITH MPOB, MPOA, ISP, MPC, MUDAS, MRANTI & MAIA

Enhancement of IndSF 2022

DIGITAL TECHNOLOGY - ARTIFICIAL INTELLIGENCE

We had our fourth and final workshop for IndSF Digital Tech - AI on the 7th till 11th November to finalise and further refine the document.

MACHINERY & EQUIPMENT

Our unit conducted the endorsement session for IndSF Machinery & Equipment on the 4th of November. The document was endorsed by the Machinery and Equipment Manufacturer Association (MEMA), Machinery and Engineering Industries Federation (MEIF) and Malaysian Welding and Joining Society (MWJS), respectively.

SECTORIAL TRAINING COMMITTEE

SECTORIAL TRAINING COMMITTEE (STC)

The Sectorial Training Committee (STC) was established to assist the unit by acting as an advisory board to help HRD Corp with insights into the training needs and requirements of various industries.

Our unit aims to form 28 STCs representing 238 sectors. As of November 2022, 15 out of 28 STCs have been formed.

Download Statistics of Published IndSF

Documents pertaining to IndSF are freely available on the HRD Corp website (<https://hrdcorp.gov.my/indsf/>). The IndSF Unit has been tracking the amount of downloads for each of the released industry documents, and there has been a consistent increase throughout the year. The IndSF Unit intends to engage with and promote the document to the public in order to raise awareness of the document's significance and relevance to Malaysia's human capital development. In addition, we will continue to collaborate with more industries to create new IndSF documents in the coming years.
